

Application for SDATA Hall of Fame

The highest honor a member of the SDATA can receive is the induction into the SDATA Hall of Fame. The SDATA invites eligible and deserving candidates to make application for this most prestigious honor and be recognized for their contributions to the profession of Athletic Training.

Any worthy individual regardless of race, creed, color, sex, or physical ability, based on their contribution to not only the SDATA, but to the profession of Athletic Training, shall be nominated by any constituent of the SDATA. Applications will first be reviewed by the Honors and Awards Committee to determine if the candidate meets all award requirements. All acceptable candidates will then be voted on by the constituents of the SDATA by mailed ballot. The candidate(s) who receive a majority vote(s) are then submitted for final approval by the SDATA Executive Committee.
